Voice Control

Anytime Anywhere Remote Printing

Download “H-Print” APP and upload the file to the cloud server that remote printing can be realized. Whether it is homework from teachers or learning resource from APP, parents can control FT800/FT880 from smartphone and print it out even when they are on business trip or go shopping.

High Speed Printing

The print speed is up to 100mm/s that it takes only 3 seconds to print one piece of A4 paper, which is 2-3 times faster than traditional ink jet printer.

Zero ink Zero toner

FT800/FT880 adopts thermal printing technology that only thermal paper is required for supplies, no need of ink cartridge. Compared with ink jet printer, it frees the trouble of print head jam and can avoid inhaling harmful substances produced by heating toner cartridge, which makes printing safer and more eco-friendly.

Voice Control (FT880)

Kids can control the printer through voice communication. Parents remotely upload the homework to the cloud box and kids are able to print their homework by voice communication with the printer at home.

Compact and Extraordinary

FT800/FT880 is simple and delicate, with large paper compartment that can contain 100pcs of A4 paper, meeting your daily printing need.

WiFi connection

FT800/FT880 can easily achieve wireless printing via WiFi connection at home. Due to wire-free, the placing location is more flexible and you can better experience mobile printing freely.

Automatic Cutting

No need to tear the paper manually, the superior built-in auto cutter helps to flatly cut the paper after printing, which makes every file looks tidy.

Exquisite style

Different from traditional heavy printer, it looks simple, beautiful and exquisite with the wood grain panel and pure white printer body, which is a great decoration for your home.

APP

H-Print APP

There are various learning resources for primary, junior and senior students on APP, which make study easier.

Test paper/Webpage/Text/
Image/All are available

High-speed printing, more efficient learning

Without preheating, just turn it on to print. It can print 20 pieces of A4 paper in one minute.

Remote Printing

Wherever you are, your kids can receive the homework and print it out at home.

Fashionable Household Expert

Homework, test papers, agreements and reports can be all printed, which is quite convenient for household printing.
